

COLLEGE COST METER™

The Student Debt Information Your Students Need

Provide the information your students need to make smart college financing decisions, and prepare for repayment, with an easy-to-use solution from Great Lakes. Whether legislation requires you to send student indebtedness data or you simply want to empower your students to achieve better outcomes—College Cost Meter™ makes it easy.

VERSATILITY

We understand schools have different goals when communicating financial aid or indebtedness data to students. Some schools want to provide a broad span of information, while others are focused on specific details. College Cost Meter's versatility includes an expansive list of financial aid categories, and its correspondence is configurable to meet the needs of your school.

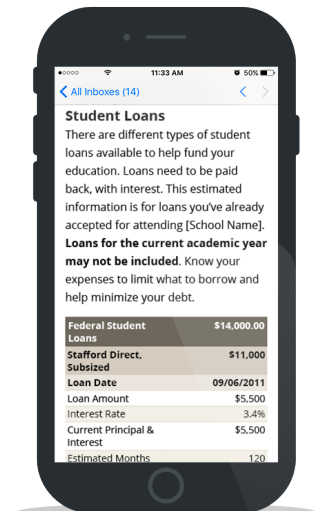

DYNAMIC DATA

College Cost Meter uses a school generated file and NSLDS data we collect to provide your students with personalized communication and the financial aid details you want them to know.

CLEAR INFORMATION

Introduce your desired data to students in an easy-to-understand format that is responsive to the student's electronic device.

- Calculates and clearly presents student loan details including interest rate, repayment terms, estimated payment, and total loan cost.
- Gently encourages students to consider their total indebtedness and reduce borrowing whenever possible.
- Offers percent of borrowing limit to keep students aware and informed.

CUSTOMIZABLE

Easily brand College Cost Meter with your school name, logo, contact information, and financial wellness resources.

AUDIT REPORTS

Audit reports list the students who were sent an email or letter. This tracking information can be used for audit purposes to ensure your students were sent required correspondence.

AFFORDABLE, SIMPLE PRICING

A MODEST ANNUAL
SUBSCRIPTION FEE OF

\$1,000

COVERS THE USE OF
COLLEGE COST METER

There is an additional \$0.75 charge for each letter you ask us to print and mail due to an invalid or missing email or if it is your preferred method of communication.

CONVENIENT

There's no installation required with College Cost Meter. Simply upload your School College Cost Meter File and work with your Great Lakes representative to customize your options.

TO GET STARTED

College Cost Meter is currently being piloted in Wisconsin. It will be available nationwide in early Fall of 2017. Great Lakes will reach out to schools with more information as College Cost Meter moves closer to launch. Stay tuned!
